

**FTC** | **FIBER TECHNOLOGY**  
**C O R P O R A T I O N**™

**FRP PANEL TYPE**  
**WATER TANK**

**WE KEEP CLEAN WATER CLEAN**

## WHO WE ARE

Fiber Technology Corporation was incorporated in 1992 in Virginia, USA to provide innovative water storage solutions and address the shortcomings inherent in traditional storage systems.

## WHAT WE DO

Focused on providing solutions for hygienic storage of water for extended periods of time.

## WHAT WE DELIVER

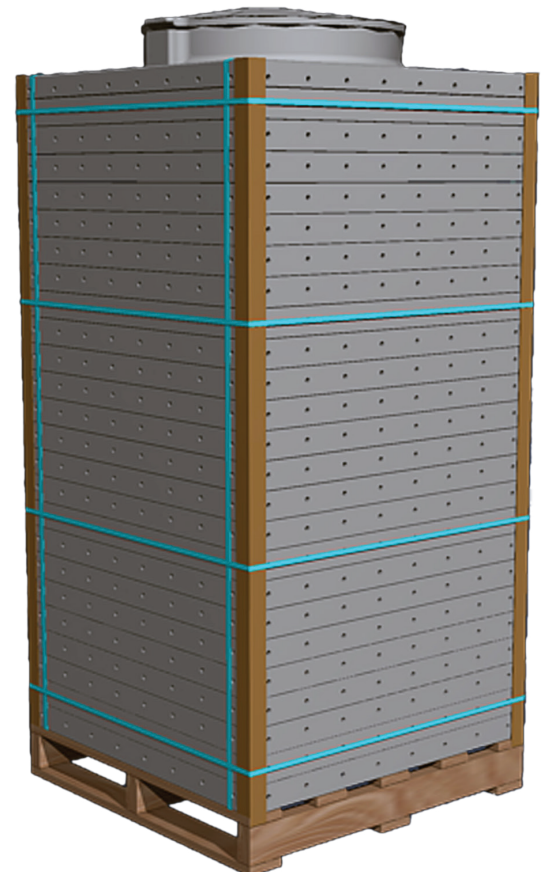

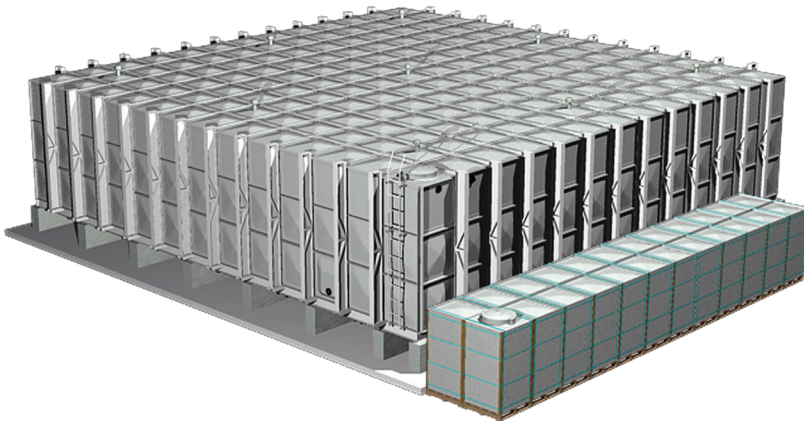

- A product of the highest quality, compliant to international standards tested and approved globally.

ISO 9001 and NSF 61 with Annex G certified for design and manufacturing of FRP tanks.

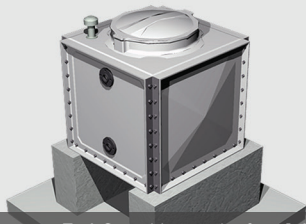

AWWA D12-121 (USA), CSA, NSF 61 (USA), WRAS (UK), NFPA 22, and AS /NZ 4020 (Australia and New Zealand).

- A liquid storage solution adaptable in size & design, making FTC FRP Panel tank the optimal choice for various applications.

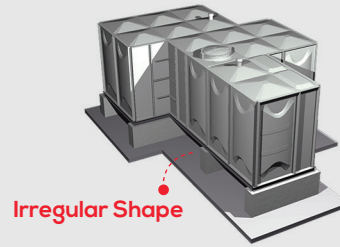

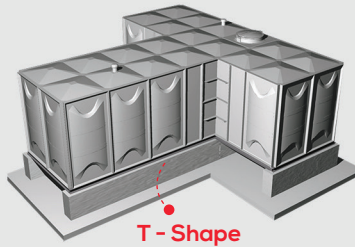

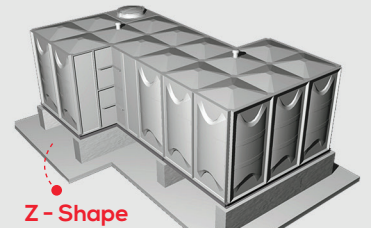

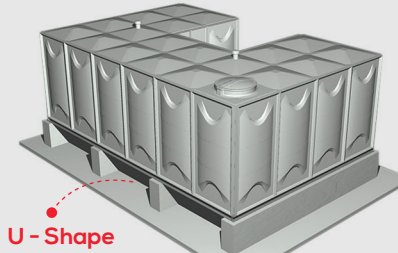

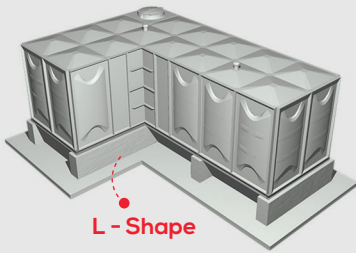

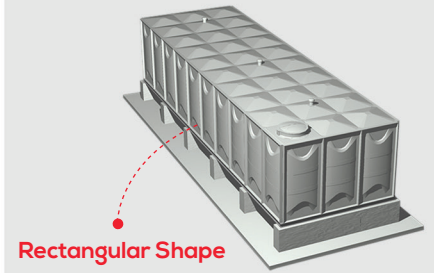

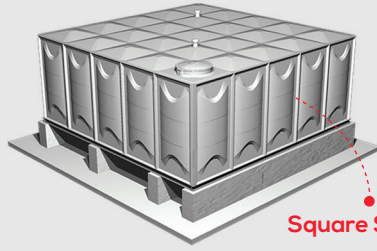

- A product easy to transport and handle allowing tank installations in otherwise inaccessible areas.

# FTC Storage Tanks are Flexible in Shape

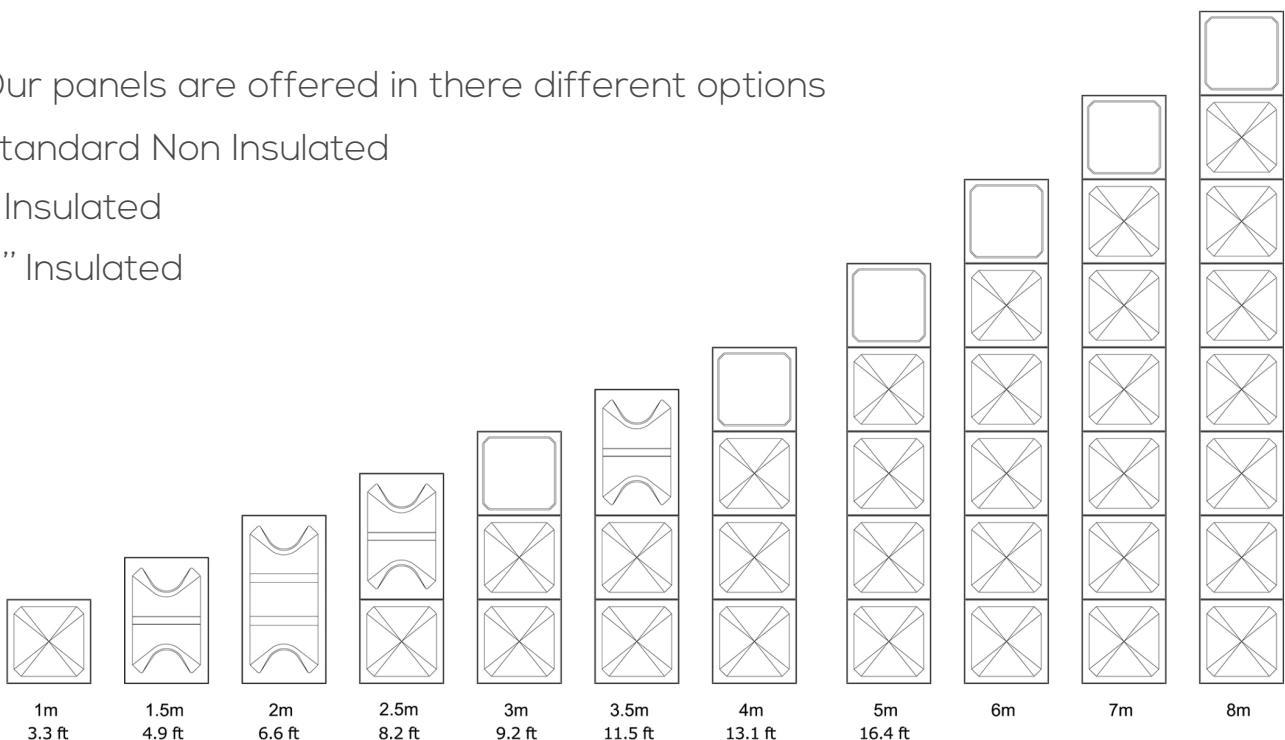

Tank Capacities ranging from 1 cbm.  
(1mX1mX1m) up to 10,000 m<sup>3</sup> / 2.5 MG

AVAILABLE IN SIZES FROM 260 GALLONS TO  
**2.5** MILLION GALLONS.

Our panels are offered in there different options

- Standard Non Insulated
- 1" Insulated
- 2" Insulated

Variable in height up to 5m standard, and up to 8m as per your customized request.

# SOLUTIONS TO TRADITIONAL STORAGE PROBLEMS

- Keeps Clean Water clean
- Eliminates cost of continual maintenance

## FTC FRP STORAGE TANKS ARE MAINTENANCE FREE

## TRADITIONAL STORAGE TANKS REQUIRE CONTINUOUS MAINTENANCE

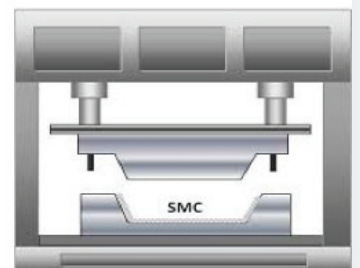

# MOLDING INGREDIENTS & PROCESS

Fiberglass, Resin, UV Stabilizer are used to manufacture the Sheet Molding Compound (SMC)  
40%+ glass content

SMC is Molded and pressed at a high temperature  
Hot Pressing eliminates styrene emissions and therefore does not impact the taste or smell of water stored

## Compression Molding

# FEATURES & BENEFITS - FRP WATER TANKS

- Hot press molding gives the panel a mirror finish, preventing debris and organisms from growing on panel surfaces.
- 100% opaque gray panels prevent algae growth.
- Tank drains completely.
- Leak free by design with a 40+year design life and 5 year warranty.
- High wind and load resistance.
- Extremely strong with an 8x dynamic load factor which prevents bursting.
- Seismic resistance up to 3A.
- Low profile design preventing NIMBY complaints.
- Eco-friendly.
- Minimal maintenance is required.
- Suitable for indoor & outdoor use in extreme hot or extreme cold temperatures.

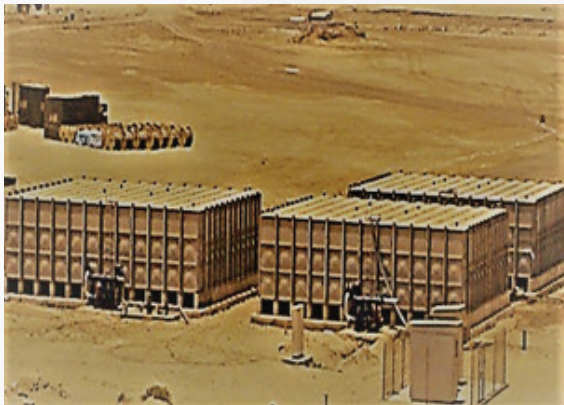

## FTC FRP Storage tank installations are versatile

Indoor

Outdoor

In extreme hot weather

In extreme cold weather

At Ground Level - Dubai Airport

At Elevated level - with digital signage option

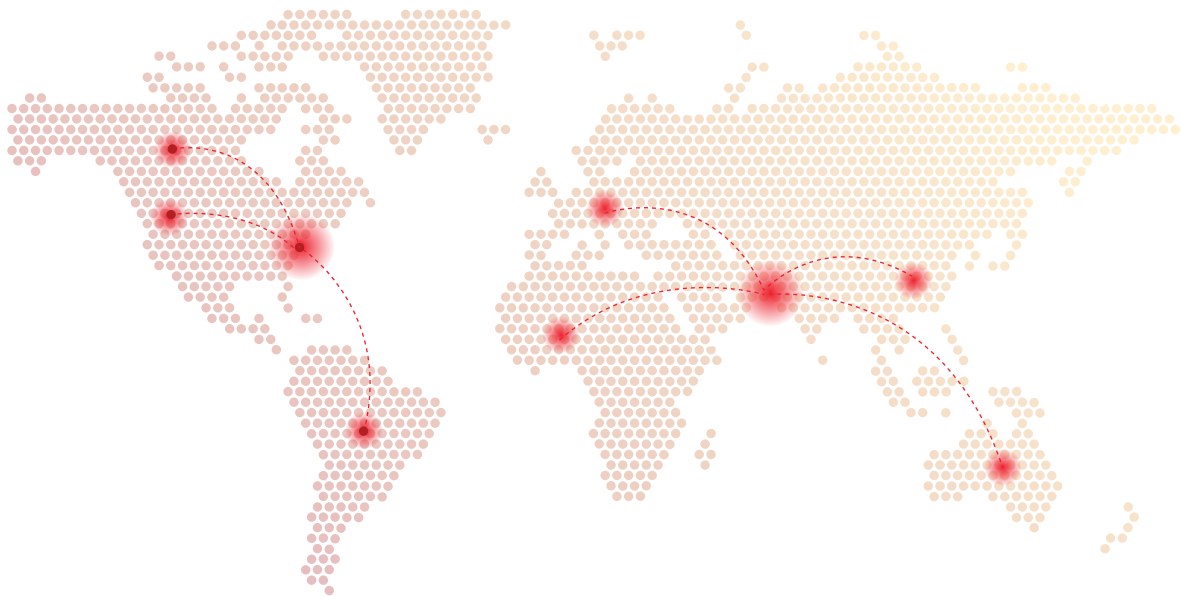

# OUR MISSION

## Keep Clean Water Clean

FTC is a world leading manufacturer of FRP panel type water tanks and operates in more than 40 countries around the globe.

The Virginia head office services North America, South America & the Caribbean. The Dubai office services Europe, Asia, Africa & Australia.

**FTC FRP Storage Tanks - Keeping clean water clean, worldwide**
